

## THE GAZETTE.

WEDNESDAY EVENING, AUGUST 1.

**THE BUREAU INVESTIGATION.**—The New York Herald of yesterday says: "Our correspondent traveling with the Steedman Commission for investigating the workings of the Freedmen's Bureau, writes from Texas: The stations are so wide apart that one-half the colored population could not reach one if they were inclined to. The negroes are working well consequently and are receiving high wages. As usual the officers of the institution are generally engaged in solving the problem of free labor by running plantations on their own account. General Gregory's plantations number fifteen or twenty. General Ford is exercising his influence for good among the citizens."

There are now nearly or quite eighty distinct manufacturing of paper collars in the United States. There are some seventeen in active operation in the New England States. The Union Paper Collar Company, of New York, which has purchased the patent of Hunt, Lockwood, Gray and others, has a capital of three millions of dollars, and has licensed fifteen large establishments in different parts of the country. From two to three millions of paper collars are consumed every day in the United States alone.

In a speech made some months since, the President remarked emphatically that the oath to support the Constitution of the United States implied all that any officer ought to be required to swear to. Consistently with this remark, and in anticipation of the action of the Philadelphia Convention, [the National Republican] contained on Wednesday morning a leading editorial arguing against the necessity and propriety of test oaths.

They are manufacturing ice in Texas and Louisiana, at one cent per pound.

GREGORY & PAUL.

# THE Mutual Life Ins. Co.,

OF NEW YORK.

ASSETS, over \$10,000,000.

To meet the choice of such present or future members as may prefer to have the amount insured paid in installments to their widows or heirs, rather than in one sum, this Company is prepared to insert in its policies a clause agreeing that in lieu of the payment of the policy and profits in one sum, an equitable amount, to be determined by the Company, may be paid annually or semi-annually for any specified number of years, (say from five to twenty-five years).

EXAMPLE.—Suppose a policy of \$10,000, with additions amounting to \$5,000 more, should become payable by reason of the death of the person insured, the Company, in lieu of the payment of \$15,000 in one sum, would be able to give (assuming interest as realized in the past) an annuity for ten years of over \$2,000 per annum, or for twenty years an annuity of over \$1,500 per annum.

This form of annuity will remove the anxiety which may exist in the minds of some policy holders lest the future provision they have made for their families should be ineffectual or transitory in its duration, either through unsafe investments, unwise expenditure, or other uncertainties incident to contingent trusts.

It is not only free from the ordinary dangers of investment, but its punctual and full payment is secured by the large and solid cash resources and good faith of this institution, which thus to a certain extent, becomes the guardian or trustee of the survivors. Hence the provision may be considered, humanly speaking, beyond any adverse contingency.

All such deferred payments or annuities will share equitably in the profits or dividends of the Company.

This Company also issues Survivorship Annuities, which provide for survivors during the whole period of life, and Deferred Annuities, by which individuals may provide for themselves in advanced age.

F. S. WINSTON President.

The undersigned begs to call the attention of those who desire to make provision for their families, to the advantages offered by the above MAGNIFICENT INSTITUTION. There is no way in which a small sum of money can be so profitably and securely invested, for such a purpose, as in a policy on your life. Forty-Five Cents a week will insure \$1,000 on the life of a man aged 30, and the payment of a single premium secures (and at once) a very much larger sum than the investment of the same amount could possibly do in the ordinary operations of trade. The following descriptions of Policies are issued by this Company, the premiums on which may be paid yearly, half-yearly, or quarterly, at the option of the party assured:

1st. LIFE POLICIES, for the whole term of life, payable, together with the dividend additions, after the death of the party assured, to the person entitled to receive the same.

2d. ENDOWMENT ASSURANCE POLICIES.—These are issued to persons desirous of making provision for advanced life, or any other purpose, and are payable together with accrued dividends on same, to the assured party, on attaining a certain age, say 40, 45, 50, 55, 60 or 65, or in case of his death before arriving at that age, to his heirs or assigns.

3d. ENDOWMENT POLICIES FOR CHILDREN payable when a child attains the age of 18, 21 or 25, or upward, either with or without the return of the total premium paid, in case the party assured does not attain the stipulated age.

4th. SURVIVORSHIP ANNUITY POLICIES, by which an insurer may secure to a surviving widow, whether wife, parent, child, or friend, the enjoyment of a certain definite and permanent income for life, free alike from the dangers and expenses of investing money, and from dependence upon persons who may perhaps prove injurious or adversely interested.

All policies issued by this Company participate in the surplus, the whole of which will be ANNUALLY DIVIDED, in the most equitable manner, among the Policy-holders.

Applications received and information furnished, at my Office, No. 73, Prince street, Alexandria, Va., by  
G. I. THOMAS, Agent.  
Dr. F. J. MURPHY, Examining Surgeon.
